

Libero. New dimensions.

The independent PDF Data Logger.

Libero makes the evaluation of temperature data **worldwide** possible – and this **without any software!**

Libero. Advantages and benefits.

The independent PDF Data Logger.

User:

Ease of use and productivity

- Easy handling, no specific procedures needed, no wrong manipulations possible
- Clearly structured display for immediate visibility of any temperature deviations during transportation.
- Shortened workflow thanks to the unique feature of the automatically generated analysis and compound report.

Supply Chain Manager:

Productivity and Flexibility

- Quick and easy availability of supply chain history
- Straightforward transmission of complete reports (data and graphics) thanks to PDF/A format
- Parameters can be set according to your requirements in order to follow your SOP's
- Detailed evaluation of raw data possible with elproLOG Evaluation Software
- Problems within the cold chain can rapidly be isolated, illustrated and then definitively be solved
- Global availability of data thanks to PDF/A format
- No specific training required

Quality Manager:

Assured quality

- PDF/A is an approved ISO standard
- Alarm indicators according to WHO standard
- Helps to be compliant with the provision of FDA 21 CFR 11
- 5 programmable alarm ranges according to PDA Technical Report No 39 (Cold Chain Guidance for Medical Products: Maintaining the Quality of Temperature-sensitive Medicinal Products through the Transportation Environment)
- Validation certificate inclusive, optional multi point calibration
- IQ/OQ documentation is made available
- Swiss quality product – Life time warranty

Purchase Manager:

Cost efficiency

- Excellent price/performance ratio
- No cost for worldwide software training, SW validation, SW support, software upgrading activities
- No cost for user training
- Swiss quality product – life time warranty

IT Manager:

Reliability and seamless integration

- No specific evaluation software necessary (Adobe®Reader®)
- No additional hardware required (USB port of PC)
- No additional infrastructure cost for software validation, upgrade policy and end user support
- No user training necessary

Financial Director:

Cost savings

- Cost effective solution for total cold chain monitoring
- Safe investment thanks to proven technology, Elpro's compatibility strategy and the long-term experience of elpro in providing professional data logging solutions.
